MAXIMUM FLEXIBILITY PLUS LEGENDARY QUALITY

Within a single compact cabinet, American Standard® Heating & Air Conditioning's Platinum, Gold and Silver packaged unit lineup is all about providing multiple options—along with reliable, efficient heating and cooling capabilities. Whether your home needs an air conditioner, heat pump, gas/electric or hybrid system, these units also offer the flexibility of ground or rooftop installation.

American Standard engineers its systems with innovative, high-quality components that are ultra-quiet, too. Two-stage Duration™ compressors offer excellent efficiency, while variable-speed Vortica™ blower motors distribute conditioned air and provide humidity control using our exclusive Comfort-R™ technology. All-aluminum Spine Fin™ coils blend efficient heat transfer with durability, while the All Weather™ tops protect internal components from the elements. Add it all up, and our packaged units combine day-to-day comfort with reliable long-haul performance.

AWARD-WINNING EXCELLENCE.

2021

Top Tier Owner Satisfaction for Central Air Conditioning

"A National Product Testing and Research Magazine"

In a survey based on the proportion of members who are extremely likely to recommend their central air conditioning system to friends and family found American Standard Central Air Conditioning Systems' to be Top Tier in 2018 and 2020 Summer Surveys of 23,997 central air conditioning systems, owned by members who installed a new system between 2005-2020.

2019

Top Tier Owner Satisfaction for Gas Furnaces

"A National Product Testing and Research Magazine"

In a 2018 Winter Survey & 2019 Summer Survey of 48,318 subscribers, American Standard gas furnaces rated Top Tier in Owner Satisfaction for new units purchased between 2003 & 2019.

Top Tier Owner Satisfaction for Heat Pumps

"A National Product Testing and Research Magazine"

In a 2018 Winter Survey & 2019 Summer Survey of 12,463 subscribers, American Standard heat pumps rated Top Tier in Owner Satisfaction for new units purchased between 2003 & 2019.

**Based on a statistical model that estimates problem rates for heating or cooling within the first 8 years of ownership, for heat pumps that are not covered by an extended warranty or service contract, American Standard heat pumps rated as Top Tier in a 2018 Winter Survey and 2019 Summer Survey of 12,463 heat pumps, owned by members who purchased a new heat pump [unit] between 2003 and 2019.*

WE OBSESS OVER IT SO YOU DON'T.

For over a hundred years, we've made some of the most awarded, well-engineered heating and conditioning equipment, and earned a reputation for doing things ...right. And through it all, we've followed a pretty simple idea: "A Higher Standard" isn't just how we build our products. It's how we build our relationships with the customers who depend on us every single day.

A CLOSER LOOK

Durable All Weather Top

Resists the elements with rugged construction and a unique contoured shape.

High-Efficiency Ducted Fan

A sophisticated aerodynamic blade and fan motor move air across the coil efficiently with the quietest performance on the market.

Duration™ Compressor

An industry leader in reliable, efficient and quiet operation. Two-stage operation in heat pumps helps decrease energy use, using higher speeds only during high-demand periods.

Variable-Speed Blower Motor with Comfort-R™

Eliminates hot and cold spots in your home with speeds that adjust to temperature demands, quiet operation and exclusive Comfort-R humidity control.

Composite Vortica™ Blower

Advanced design increases airflow while decreasing energy use and sound levels.

All-Aluminum Spine Fin™ Coil

Engineered for efficient airflow, exceptional resistance to corrosion and leaks, and outstanding reliability compared to standard coils.

Architectural Louvers

Stylish protection for internal parts with UV-resistant, automotive-grade plastic.

Appliance-Grade Finish

Heavy rolled steel coated with highly resistant paint ensures a durably attractive appearance.

Advanced Electronic Demand Defrost (Heat Pumps Only)

Eliminates unnecessary defrost cycles, saving energy and prolonging the life of your compressor.

AccuClean™ Compatible

Select packaged unit systems are compatible with AccuClean: the first whole-home air-cleaning system to earn the **asthma & allergy friendly**® certification program mark from the Asthma and Allergy Foundation of America.

Features and components may vary by model and are shown for illustration purposes only.

COMFORTABLE. RELIABLE. EFFICIENT.

Optimize the comfort and efficiency of your home with the American Standard Home smart comfort system. The American Standard Home mobile app gives you remote access to your HVAC system through your connected American Standard smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere.

WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home² where the air can be up to 5X poorer quality than the air outside³. So, AccuClean[®] utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles⁴ that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus⁶. This level of filtration makes it up to 100X more effective than a standard 1" filter⁵. Plus, it's the **ONLY** whole-home electronic air cleaner that is certified **asthma & allergy friendly**[®] by the Asthma & Allergy Foundation of America.

American Standard Home connects to your American Standard HVAC system to provide you with remote control and diagnostics. To view additional integrations and subscriptions, visit our Knowledge Base at AmericanStandardAir.com/home-subscription.

² The National Human Activity Pattern Survey (2001)
³ U.S. Environmental Protection Agency. EPA/600/6-87/002a. (1987)
⁴ Based on 3rd party testing of particle removal efficiency down to 0.3 microns (2005)
⁵ Assuming <1% removal rate of 0.3 – 10 micron particles
⁶ As reported by airimid healthgroup in ASCR092142v2 (2015)

We are committed to using environmentally friendly printing practices.
