The name you trust for home comfort

The Fraser-Johnston® family of heat pumps is designed to reduce your utility bills and keep you comfortable in any climate with models that offer advanced efficiency, innovative design, and unbeatable warranty protection. Count on Fraser-Johnston® to deliver performance, value, and quality you can trust.

Advanced features: Fraser-Johnston® Reliant™ Series HL19 Heat Pumps

Efficient comfort

- **Communicating capable** with our Wi-Fi®-enabled Reliant™ Hx™3 4.3-inch touchscreen thermostat for complete system control.
- **Two-stage compressor** provides superior temperature and humidity control.
- **Zoning system** capable for optimal home comfort in every room.

System flexibility

- **Multiple control options** give you the flexibility to use either a conventional thermostat or our Wi-Fi®-enabled Reliant™ Hx™3 4.3-inch touchscreen thermostat for communicating capability.
- **Zoning** flexibility means it can be deployed with conventional zoning or the Hx™3 communicating zoning system.
- **Dual-fuel capability** means you can pair the pump with a residential gas furnace for a hybrid comfort system that optimizes heating capacity and/or efficiency.

Trusted quality

- **Unmatched warranties** include a 1-year Labor Limited Warranty and Lifetime Compressor and 10-year Parts Limited warranties on registered outdoor units.
- **ENERGY STAR®** certified performance means greater energy efficiency.

Whole home comfort

Our new Hx™3 Communicating Zoning System is the ideal solution for the smart, sophisticated home. It's designed to simplify life, enhance energy efficiency, and deliver convenient comfort and control when paired with any of our 19 SEER Two-Stage Air Conditioners or Heat Pumps. Hx™3 Communicating Zoning System delivers convenient comfort control with up to eight zones of custom comfort, flexible damper timing, no bypass dampers, and remote monitoring for easy setup and maintenance.

Standard-setting options from a trusted name

Our promise of quality

The Fraser-Johnston® name is synonymous with trusted quality and reliable performance. The Fraser-Johnston® line of residential heat pumps is no different. We care about each and every unit that comes off the line.

We design, engineer, and assemble Fraser-Johnston® Reliant™ Heat Pumps in the United States, where we can closely monitor and improve processes that directly affect quality. It's this commitment to excellence that allows us to offer outstanding warranties, meet the highest industry standards and deliver energy-saving comfort that lasts a lifetime. That's why, when it comes to home comfort, Fraser-Johnston® is committed to providing value and performance you can trust.

HL19 Heat Pumps

**Actual EER and SEER ratings may vary depending on tonnage and matched indoor component.*

Ask about ways to improve your indoor environment and protect your family's health with our Total Comfort System™ approach to indoor air quality.

Ask about financing

Ask your Fraser-Johnston® contractor about available financing options. Applying is easy and, upon approval, you'll enjoy low monthly payments and financing offers.

Reliant™ HL19 Heat Pumps

At Fraser-Johnston®, we know you depend on us for home comfort that won't let you down. Our industry-leading warranties continue that tradition of earning your trust – and keeping it.

Compressors are the heart of every home comfort system. That's why all Fraser-Johnston® Reliant™ HL19 Heat Pumps receive Lifetime Compressor Limited Warranties.

Lifetime Compressor, 10-year Parts and 1-year Labor Limited warranties require online registration within 90 days of installation. Otherwise, warranties revert to the standard 10-year compressor and 5-year parts limited warranties.

HL19 models meet ENERGY STAR® requirements for energy efficiency.
