Indoor Air Quality Products

**WHOLE-HOME
AIR CLEANERS**

Everyone knows that outdoor air can contain pollutants. But they are diluted by wind and rain—unlike the air in your home where contaminants can be concentrated. In fact, the air inside can be up to 100 times more polluted than the air outside. No wonder the EPA ranks indoor air quality as a top-five environmental concern. Dust, pollen, mold, bacteria, pet dander can be found in any home, no matter how careful you are. Remove these particles and you remove the common triggers for allergies, asthma attacks, headaches and other health worries. Fortunately, a York® Air Cleaner goes far beyond standard filters to improve air quality for your whole house.

Whole house air cleaners have a clear advantage over portables.

Unlike portable room air cleaners, a York® Whole-Home Air Cleaner is part of your existing heating and cooling system. It cleans the air throughout your entire home, while remaining out of sight and operating incredibly quietly. That's because you do not have to put up with fan noise from an air cleaner that's located directly in the room. A whole-home air cleaner design is particularly useful for homes with cathedral ceilings and open spaces.

98% particle capture rate secures your comfort.

Small particles can make a big impact on indoor air quality. That's why a York® Hybrid Electronic/Media Air Cleaner captures up to 98% of particles down to one micron. It also permanently traps and kills captured bacteria and spores, and is the best air cleaner for removal of virus-sized particles. This small detail makes a big difference if anyone in your family suffers from allergies. One York® Whole-Home Air Cleaner lets everyone breathe fewer allergens wherever they go in your home.

Stays on duty—day after day.

A York® Whole-Home Air Cleaner can deliver 24 x 7 filtration when you need it, so your whole family will see a noticeable difference day after day. Each unit is easy to maintain with simple annual servicing. Efficient 24 x 7 operation means your indoor air is being cleaned so your family will feel their best when allergy season is at its worst.

How whole-home air cleaners work

Whole-home air cleaners are integrated into your central home comfort system. Consequently, they can remove particles from the airstream that circulate in every room of your house. Dramatically cutting the particles contained in every cubic foot of air benefits your entire indoor environment. There is less dust in circulation, so your home stays cleaner—and there are fewer airborne organisms, so your family stays healthier.

Media Air Cleaner

Who it's for:

- Seasonal allergy sufferers.
- Homeowners concerned about airborne mold.
- Pet owners.
- Homeowners who want to maximize the efficiency of their home's current heating and cooling system.

What it does:

- Keeps today's high efficiency furnaces and air handlers operating at peak performance.
- Helps minimize the risk of asthma and allergy attacks.
- MERV* 11 removes particles from 1 to 3 microns in size.
- MERV 13 removes bacteria and tiny virus size particles from 0.3 to 1 microns (10 times smaller than you can see) at the rate of 75%!

No matter which one you choose, the particles are removed from the air stream and are permanently trapped in the highly efficient media.

*MERV means "Minimum Efficiency Reporting Value," a standard for measuring the overall efficiency of a filter

Hybrid Electronic Air Cleaner

Who it's for:

- Homeowners sensitive to airborne virus, bacteria or mold particles.
- Seasonal allergy sufferers.
- Homeowners concerned with tobacco smoke in their home.
- Homeowners who want an advanced, exceptionally efficient air cleaner.

What it does:

- Removes 80% of indoor virus-sized particles, 94% of airborne dust and 99% of allergens and mold particles.
- Helps minimize the risk of asthma and allergy attacks.

AIR CLEANER EFFECTIVENESS [1-year period]

■ HEAC 3000 ■ OTHER ELECTRONIC AIR CLEANERS ● WASH OR VACUUM TO MAINTAIN COLLECTION CELLS

Compare this to the efficiency of standard electronic air cleaners which drop off repeatedly throughout the year, never regaining their original efficiency, even after filter replacement or cleaning.

MEDIA MODEL	DESCRIPTION	EFFICIENCY RATING	LIMITED WARRANTY

Complete your home comfort system by asking how we can improve your indoor environment and protect your family's health with other indoor air quality products in our Total Comfort System™ approach.

Make a smart choice: York®

Choosing the right dealer is the first step in selecting the best system for your home. Your York® Dealer is trained to give you professional home comfort services, including:

- An evaluation of factors such as your home's size, age, number of rooms, climate characteristics and utility costs
- A system recommendation that fits your family's comfort needs, your home, your lifestyle and your budget
- The assurance of proper installation and customer care, including warranties and maintenance options

Stay comfortable for years to come.

York is proud to offer the YorkCare™ Comfort Plan. It's designed to maintain your system as well as your peace of mind. With YorkCare™ you get total protection that ensures your unit is effective and efficient for years to come.

What's more, your York® Dealer offers maintenance agreements that provide upkeep while maximizing the warranty provisions. Ask about the YorkCare™ Comfort Plan. A little extra coverage is always a comforting idea.

Long story short—our history.

OVER
135
YEARS
OF DESIGN AND
INNOVATION

You've probably enjoyed York engineering for years without even knowing it. We have, after all, designed and implemented heating and cooling systems in some of the world's most famous structures, including the U.S. Capitol building, the Sydney Opera House, the entire U.S. Navy nuclear submarine fleet and even venues such as your local mall and corner bank.

There's a reason people trust us with the big jobs. We've been doing this a long time. Over 135 years, in fact. In that time, we developed the first successful room air conditioner and cooled the world's first theater, hotel and office building. We're constantly leading the industry in our design and our technology. And our commitment has earned our products the Good Housekeeping Seal of Approval. No matter what the scale, chances are we've developed an efficient, durable and effective solution for it.

You can depend on York to give you the choices you trust for comfortable performance all day long, year after year. Want to know more? Contact your York® Dealer. They have over 135 years of innovation to tell you about.
